

## Task 2 Skincare Products

Your task is to describe the main skincare products you will use in a facial treatment. The four products are:

- Eye makeup remover
- Cleanser
- Toner
- Moisturiser

You can independently research these products using google and write a brief paragraph about each. Some ideas of what you could include are below:

- What is the product used for?
- What are the benefits of the product?
- What are the different types of eye makeup remover, cleanser, toner and moisturiser and which are suited to what skin type?

Be creative when creating your task. You could draw skincare bottles and write your descriptions on them. *(If you have a printer there are blank skincare bottles in the resource folder).*

### Extension activity

Test your knowledge on skincare products and complete the quiz in the resource folder.

If you are struggling with any aspect of these tasks please email [hairandbeauty@kingsmead.derby.sch.uk](mailto:hairandbeauty@kingsmead.derby.sch.uk) and I will get back to you. Once you have completed your work please email it to me. If you have completed the task on paper, take a picture of it and email it to the above address and I will give you feedback. Thank you, Kate. 😊
