

Identifying Plants & Animals

During this challenging and different time, it is important to try and keep your brain active and continue learning new skills. During your daily exercise I would like you to try and identify some of the following plants and animals. There are different ways of recording your findings, either in a table or a tally. An example of these two recording methods are given below.

Table

Name of plant or animal	Numbers identified
Swan	2
Mallard	6
Oak Tree	2
Willow Tree	1

Tally Chart

Name of plant or animal	Tally	Total
Swan		2
Mallard		6
Oak Tree		2
Willow Tree		1

Garden Birds

Blue Tit

Great Tit

Robin

Goldfinch

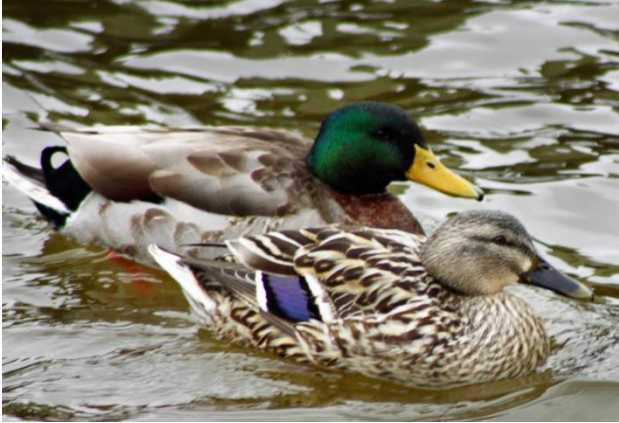

Blackbird

House Sparrow

Waterfowl or Ducks

Mallard

Swan

Tufted Duck

Canadian Goose

Coot

Moorhen

Common Trees

Oak Tree

Oak Tree leaf

Silver Birch Tree

Silver Birch Leaf

Horse Chestnut Tree (conker)

Horse Chestnut Leaf

Record your findings

During your daily exercise I would like you take along the different handouts and try to identify as many of the different animals and trees as you can. Record your finding in the table below, using the tally chart method.

Name of plant or animal	Numbers identified (Tally)	Total
Blue Tit		
Great Tit		
Robin		
Goldfinch		
Blackbird		
House Sparrow		
Mallard		
Swan		
Tufted Duck		
Canadian Goose		
Coot		
Moorhen		
Oak Tree		
Silver Birch		
Horse Chestnut Tree (Conker tree)
